

Hub partnership benefits

The South-West WA Drought Resilience Adoption and Innovation Hub (SW WA Hub) is supported by a number of valuable partners that enable the delivery of high impact initiatives that enhance the climate resilience of farmers and communities in South-West WA.

Partnership benefits

In exchange for their support, Hub partners have access to a range of benefits including increased visibility of their work in building climate resilience, and access to collaborative opportunities. The table below summarises these benefits.

Become a partner

Organisations interested in becoming a Hub partner can register their interest on the SW WA Hub website:

hub.gga.org.au/about/partnerships/

Visibility

Ability to provide input and shape SW WA Hub extension messages (e.g., topics of podcast and video, study tour sites, events)

Ability to promote relevant resources, events and opportunities through GGA's social media channels

Ability to have content featured in the SW WA Hub monthly newsletter (e.g., news, events, jobs, opportunities)

Ability to have content featured in the Drought Hub section of GGA's fortnightly newsletter, Newswire (e.g., news, events, jobs, opportunities)

Recognition through the inclusion of your organisation's logo on the SW WA Hub website [in-kind contributors only]

Opportunity

Eligibility to apply for Hub-funded programs and **lead** projects (e.g. \$2.5m Innovation Program, \$1m Transformational Program)

Eligibility to become a **partner** in Hub-funded projects (e.g. \$2.5m Innovation Program, \$1m Transformational Program)

Assistance from SW WA Hub team during Future Drought Fund and climate-related grant rounds (e.g., project brokering, finding collaborators, grant application guidance)

Discounted tickets to capacity building/training opportunities

Access to \$8,000 or \$25,000 university bursaries (to eligible post graduate students) [universities only]

Invitation to SW WA Hub exclusive events (e.g., Drought Resilience Showcase)

Ability to put your voice forward to identify local challenges and ideas, and shape local drought resilience priorities

Opportunity to attend study tours

News

Monthly SW WA Hub newsletter with latest Hub news, events and opportunities and locally relevant Future Drought Fund updates

Targeted emails with drought resilience related news, events and opportunities (including grant rounds)
